Welcome to Roscoe Steel & Culvert

Thanks for visiting our website! Like everything in our business, our efforts to continuously improve extend to this website and beyond. If you have suggestions of how we can better communicate with you and all of our friends, customers, business associates and co-workers, please click on the following link and send us your thoughts and recommendations: continuousimprovement@roscoesteel.com

Q Who Are We?

Whether you know a lot about Roscoe Steel & Culvert Co. or you're a first-time visitor to our business, please let us share a few facts about us that we are proud of:

- We're a second-generation, family-owned business. Jim Roscoe is Chairman of the Board and provides Strategic Vision and Direction for the company.
- Our business is organized around and set up to serve our primary markets, i.e. corrugated steel pipe and drainage products through **Roscoe Culvert**, fabricated highway bridge and complex structural steel through **Roscoe Steel**, and Design-Build modular steel bridges through **Roscoe Bridge**.
- We have three plant locations including our Billings, Montana headquarters, our Casper, Wyoming manufacturing plant, and our Missoula, Montana modular steel bridge facility.
- We employ approximately 200 business and trade professionals and we are growing! Our 5-year Strategic Plan includes product development, capital investment, sales channel development, employee benefit and plans enhancement, and increased "value" for our customers, supply partners, employees and owner.
- We carry prestigious Quality Certifications and Trade Association memberships that we are proud of and provides enhanced "value" to our customers.

The Roscoe Steel & Culvert Co. Mission Statement is shared:

Roscoe Steel & Culvert Co. is a provider of engineered solutions for water management, soil conservation, and bridge and structural steel fabrication. We measure success through safety, customer satisfaction, employee development and empowerment, and a philosophy of continuous improvement.

Roscoe Steel & Culvert Co. recently celebrated its **50th Birthday** in 2004 and the values that provided our platform for growth in 1954 continue to serve as our guiding principles today, including:

1. Safe Work Environment and Operations
2. Quality and Pride in our Products
