Did you know steel is the world's most recycled material?

Roscoe Bridge - Value Proposition

Print this page

Q What is the Roscoe Bridge Value Proposition?

Roscoe Bridge is the recognized leader in Design-Build steel bridges for private owners, and focuses on “buyer-friendly” bridge selection through standardized bridge designs and installation practices.

Q How does Roscoe Bridge Add Value?

Roscoe Bridge adds “value” in the bridge selection and installation process through the following:

- Providing single-point accountability for meeting bridge requirements, i.e. the buck stops here at Roscoe Bridge
- Integration of bridge design, bridge application, and bridge cost-effectiveness with minimal customer requirement
- **Roscoe Bridge's website** and customer service team focuses on private owner support, i.e. the customer doesn't need to “learn” bridges
- The customer service team facilitates and coordinates installation contractor interface
