Q What is Roscoe Steel's Value Proposition?

Roscoe Steel is a steel fabricator who excels at complex work and believes in the value of Design-Build partnerships. With Roscoe Steel you get a complete scope of work, hassle-free and on-time, and they do what they say... Every Single Time

Q How does Roscoe Steel Provide Value?

The Roscoe Steel Team of professionals is guided by a Model that includes:

1. Provide a Solution-Oriented Project Team by building excellent relationships with contractor, architect and engineering partners
2. Maintain "value-adding" cross-functional Roscoe Steel teams for project execution
3. Market to customers that benefit from Roscoe Steel's Value Proposition
4. Maximize "pre-fabrication" and minimize operational completion time

Roscoe Steel is focused on maintaining "operational excellence" throughout the Business Unit. Operational Excellence provides Roscoe's customers with the lowest installed project cost through effective maximizing of owner and design/contracting/erecting team partnering through all phases of the project cycle. Roscoe Steel endeavors to provide "solutions", not just tons of fabricated steel. In addition, we communicate and deliver on one message – we do what we say we will do – every single time, and we get better and better with each project.
